HOW IT WORKS

Inquire

Once you inquire, we will chat about your business and goals for your shoot. When you're ready to book I'll send you the contract and retainer to make it official!

Planning

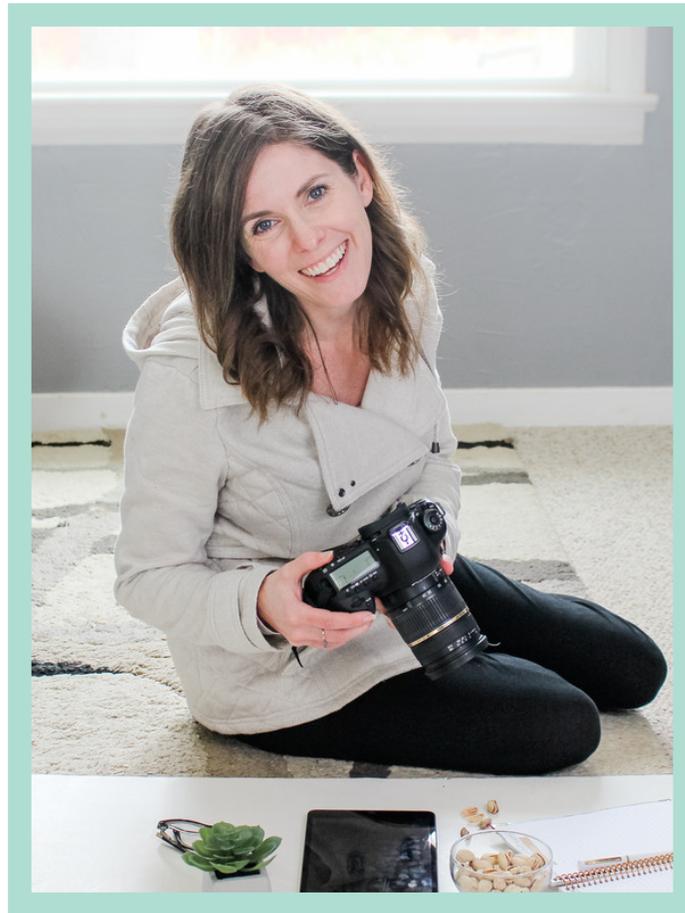

I'll send you a detailed planning guide to help you choose outfits, locations, props and more! Then you will fill out a discovery questionnaire for you to define your brand personality and vision for your shoot. You will also create a quick pinterest board to share your visual inspiration with me.

Branding shoot and gallery overview

We'll capture branded images including lifestyle headshots, your workspace, styled photos of props, tools of your trade or any other fun idea's we've planned! Within a few weeks you will have a gallery of the best images and can choose your favorites. I will help guide you with choosing so don't stress. All images are high resolution and can be downloaded in low resolution for social media.
